Director shall act objectively and constructively and exercise his/her responsibilities in a bona-fide manner in the interest of the company. A director should be able to assist the Board, have a good working relationship with other Board members and contribute to the Board's working relationship with the senior management of the Company. The person should be forward looking, ethical and law abiding.

C. Independence standards

circumstances in making its determination relative to a director's independence. Each director has an affirmative obligation to inform the Board of any change in circumstances that may put his/her independence at issue.

The director's independence for the independent director will be determined by the Board on an annual basis upon the declarations made by such director as per the provisions of the Companies Act, 2013 read with Rules thereon and the SEBI Listing Regulations, 2015.

The Nomination and Remuneration Committee shall have discretion to consider and fix any other criteria or norms for selection of the most suitable candidate.

II. Compensation Policy: The company's Compensation Policy and Practices have been formulated and maintained to meet the following objectives:

1. To attract, retain and motivate qualified and competent individuals as Director, Key Managerial and other employee levels to carry out company's business operations as assigned to them.
2. To ensure payment of salaries and perks that are comparable to market salary levels so as to remain competitive in the industry.
3. To revise the remuneration of its employees periodically for their performance, potential and value addition after systematic assessment of such performance and potential.
4. To ensure disbursement of salary and perks in total compliance to the applicable statutory provisions and prevailing tax laws of the Country.

In order to meet the above objectives the company undertakes various processes in an ongoing manner such as conducting of salary survey's in every three years, periodic review of its performance appraisal and reward systems, institution of incentive schemes, providing skill and competency development to its manpower on a regular basis, providing fast track career growth paths to high performers, modification of salary structure in line with the changes in the tax laws etc.

With regard to the annual revision of the employees, respective reporting managers assess the performance of employees. However the authority for reviewing the performance and reward rests with the Nomination & Remuneration Committee of the Board of Directors of the company. In this assessment, the performance, potential and value addition to the company are assessed as detailed under:

In accordance with the widely followed practices, broadly, performance is classified in to 4 categories viz. Top, Vital, Average and Below Average (Bottom). Subsequent to completion of the structured review process, each employee is placed in one of these categories to determine the quantum of reward to be given to him/her. As the company takes continuous efforts to maintain its workforce employable, majority of the employees i.e. app. 70% of the population is generally assessed as Vital Contributors and the salary increase to be given to that category of employees is fixed as the bench mark.

Executive cadre employees, depending upon their scope and impact of role are placed in 14 levels which are further grouped in to 5 job bands in line with the prevailing corporate practices. Revision of compensation is based on a Matrix which defines the quantum of increase applicable to an employee in a particular performance class in a particular level.

In the proposed Performance Assessment Model, Performance Class – VITAL has been taken as benchmark as majority of the employees fall in this category. The Top performers in each level would be given 130% of the increment applicable to Vital Class. Employees rated as Average will be given 50% of increment applicable to Vital Class. Employees rated Bottom will not be given any increment.

It is further proposed that an employee in a particular grade would receive 120% of increment applicable for an employee one grade below him for a similar rating. Where there is a change in the band, this increase will be 125%. This will be effected in Band 1 and 2. However, from Level 7A (7.5) and upwards, instead of band, this increase will be 125% in each level as the performance impact and competency requirements are significantly different for each senior and top level positions. Going forward, depending upon the various parameters and need of the organisation to retain high performers and dissuade mediocre performance on the job, the rate or quantum of increase to be given to various categories of performances may vary.

Additionally, in order to get best talent from the market and retain them for longer period, company has a policy to pay compensation better than prevailing market practice to deserving candidates. In any circumstance, remuneration shall not be less than prevailing market trend.

Amendment & Policy Review

This policy is framed based on the provisions of the Companies Act, 2013 and rules thereunder and the requirements of the SEBI Listing Regulations, 2015 with the Stock Exchanges. Accordingly, any subsequent amendment/modifications in the Companies Act, Listing Regulations and /or other applicable laws in this regard shall automatically apply on this policy.
